Dear friend,

Following Pope Francis' invitation, given how urgent and necessary it is to “join forces in order to reach a broad educational covenant (Global Education Pact), aimed at forming mature people, capable of mending the fabric of human relationships and creating a more fraternal, equitable and supportive humanity” ... “An alliance between the inhabitants of the Earth and the Common House, to which we owe care and respect”.

He himself affirms - what other experts and international reports indicate - that *“despite the Objectives and Goals formulated by the United Nations Organization and other bodies, and the important efforts made by some countries, education remains unequal among the world population”*.

On behalf of the **OIEC** (Catholic International Education Office) I turn to YOU, to INVITE YOU to collaborate in the **co-creation of a book that collects the contributions of various leaders, agents and recipients of education, to build that global village of education of which the Pope speaks, in whose construction we must all engage with courage ... to put the person at the center, with creativity, commitment and collaboration, to train people at the service of the community, towards a culture of encounter, dialogue and inclusion, alongside the most needy.**

The **title of the Book** would be:

THE GLOBAL EDUCATIONAL PACT

- An education of, with and for everyone. Towards a more fraternal, supportive and sustainable society -

We are counting on your knowledge and experience, your wise word that sheds light and inspires others, in this path of reconstruction of the pact and educational renewal, towards a more fraternal, supportive and sustainable world, that drives and extends education to all.

To do this you must fill in the attached sheet ... with the data and answers to the four questions at the end of this letter, in a box. Please respect the indications that appear in that box, since each testimony will occupy a page of the book, hence the limitation of space. We want it to be an agile publication, so please express your ideas clearly and synthetically. Do not forget to attach a photo of you, updated, passport-size. Please send the text and photo to: pactoglobal@lasallecampus.es

We have until APRIL 30, 2020 to send responses. The assembly and layout of the book will be carried out in April.

You may write in one of these five languages: Spanish, French, English, Portuguese or Italian.

Thank you very much for your invaluable participation and contribution to this project. God bless you.

We are at your disposal for any questions, suggestions or difficulties.

Philippe Richard.
