YOUTH Commission

Dear young people of the world,

I am writing to you because I would like to create a world youth commission to help our beautiful OIEC body to move forward by taking your word into consideration. I have, in fact, positioned in my mandate, as an indispensable orientation, the place of youth at the centre of all work. the place of young people at the centre of all work.

This must therefore be materialised in a concrete way with the effective setting up of an ad hoc committee enabling us to work with you, to listen to you, to understand you and to create together the school of tomorrow.

I am looking for volunteers **between 15 and 25 years old** who would like to accompany me (2 years) in this commission.

You will find enclosed the main principles of this commission as well as the rules of its functioning.

We will be working on the Education Village 2030, on international solidarity, on the place of young people in the various committees of our body, on the emotional health of young people following the COVID, on the protection of minors and on any other subject of importance to you.

Each young person will be under the responsibility of an adult in the school (with the agreement of the Director), who will also be the recipient of all correspondence.

If you want to get involved in this commission, you just have to **fill in the online questionnaire (QR code) and attach your motivation letter before 15 July 2023.**

Thank you for coming back. I'm counting on you.
Fraternally well,

Hervé LECOMTE
Secretary General of the OIEC
